

New Source Review newspaper advertisements for construction permit applications, November 26, 2008. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: November 24, November 25, November 26, or December 1, 2008. Public notices are generally published every two weeks. The previous publication of public notices was November 13, 2008.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is G & G Trailer with a mailing address of 8003 Highway 412N, Friendship, TN 38034. They seek to obtain an air contaminant permit (Division identification number: 17-0053-01/62374) for a Surface Coating Operation located at the same address. This existing operation consists of a Graco Merkur Model # 233929 Air Assisted Spray System and associated equipment used to paint assembled structural steel and wood utility trailers. Exhaust filters are used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Sarosh Kaiser is the assigned Division person.

For the Crockett County "Crockett Times" -- published once on or before Wednesday, November 26, 2008.

The applicant is Greg's Sawmill with a mailing address of 11315 Highway 100, Toone, Tennessee 38381. They seek to obtain an air contaminant permit (Division identification number: 35-0076-01, 62443) for construction of a sawmill located at the same address. This proposed operation would consist of adding one 52 inch saw to the existing sawmill operation. There would be physical construction. Regulated air contaminants would be emitted by this source. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. Mr. T. Krinov is the assigned Division person.

For the Hardeman County "Bolivar Bulletin-Times"-- published once on or before Wednesday, November 26, 2008.

The applicant is Rogers Group, Inc.- Hickman County Quarry with a mailing address of P.O. Box 25250, Nashville, TN 37202-5250. They seek to obtain an air contaminant permit (Division identification number: 41-0057-01/62447) for a rock crushing and sizing operation located at 11201 Spencer Mill Road, Bon Aqua, TN. The proposed modification would consist of adding a portable screen to the current operation. There would be physical construction. Regulated air contaminants would be emitted by this source. Wet suppression is used for pollution control. Mr. Thomas Krinov is the assigned Division person.

For the Hickman County Times -- published once on or before Monday, December 1, 2008.

The applicant is Ripley Power and Light Company with a mailing address of 150 South Main, P.O. Box 69, Ripley, TN 38063. They seek to obtain an air contaminant permit (Division identification number: 49-0086-02/62145) for construction of an additional 3282 horsepower diesel engine at 164 Viar Road, Ripley, TN 38063. The proposed operation would consist of one diesel fired engine with 2000 KW electric power generator to provide back-up and emergency power to the city of Ripley, Tennessee. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. M. Yousefzadeh is the assigned Division person.

For the *Lauderdale County Enterprise* -- published once on or before Wednesday, November 26, 2008.

The applicant is ACuPowder TN, LLC with a mailing address of 6621 Highway 411 South, Greenback, TN 37742. This company seeks to obtain an air contaminant permit (Division identification number: 53-0035-06/62456) for modification of an existing Melting Furnace located at the same address. This existing operation consists of a furnace, rotor mixer, and associated equipment used to melt tin to produce into powder. The requested modification is to replace the existing furnace with an electric furnace and use it to melt brass, bronze, and zinc, and to increase the material input rate. Two baghouses would be used for control devices. There would be physical construction. Regulated air contaminants would be emitted by this source. Ms. Hymelia Craig is the assigned Division person.

For the Loudon County *News-Herald* -- published once on or before Wednesday, November 26, 2008.

The applicant is Basell USA, Inc. with a mailing address of 1035 Flex Drive, Jackson, TN 38301-5076. They seek to obtain an air contaminant permit for (Division identification number: 57-0213-11/62360) a Polypropylene Compounding/Extrusion Operation located at the same address. This existing operation consists of weigh hoppers, mixers, extruder, and associated equipment used to produce polypropylene pellets. Fabric filters are used for pollution control. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Madison County *Jackson Sun-Daily* -- published once on or before Wednesday, November 26, 2008.

The applicant is Rogers Group, Inc.- Columbia Quarry with a mailing address of P.O. Box 25250, Nashville, TN 37202-5250. They seek to obtain an air contaminant permit (Division identification number: 60-0094-01/62446) for a rock crushing and sizing operation located at 1071 Blue Springs Road, Columbia, TN. The proposed modification would consist of adding a portable screen to the current operation. There would be physical construction. Regulated air contaminants would be emitted by this source. Wet suppression is used for pollution control of particulates. Mr. Thomas Krinov is the assigned Division person.

For the Maury County *Daily Herald* -- published once on or before Wednesday, November 26, 2008.

The applicant is Johnson Matthey Catalysts with a mailing address of P.O. Box 4130, Morristown, TN 37864. They seek to obtain air contaminant permits for modification of air contaminant sources located at 1246 Airport Road, Sevierville, TN 37864, as follows:

(1) Boiler (Division identification number: 78-0028-01/62471). This existing operation consists of one boiler used to provide steam to process equipment. Natural Gas is the primary fuel. Number 2 fuel oil is used as backup. There would be no physical construction. Regulated air contaminants are emitted by this source. The requested modification is to update the emissions. Mr. J. Martin is the assigned Division person.

(2) Two nickel-aluminum digestors (Division identification number: 78-0028-15/62472). This existing operation consists of two nickel-aluminum digestors used to yield sponge nickel catalyst. There would be no physical construction. Regulated air contaminants are emitted by this source. The requested modification is to update the emissions. Mr. J. Martin is the assigned Division person.

For the Sevier County *Mountain Press* -- published once on or before Wednesday, November 26, 2008.
